

Calvin Christian Collegiate Scholarships, Bursaries and Awards Page

Scholarships are generally (almost always) academics focused where the money is oftentimes paid directly to the post-secondary institution.

Bursaries are intended to give necessary financial aid to those in need, in order for the student to be able to attend the post-secondary school or training of their choice. Proof of need may be necessary.

Awards can be academics focused, volunteer focused, a combination of, or none of the above. Read each one carefully. They generally don't fit nicely into simply 'scholarships' or 'bursaries'.

In **Section 1** (a through c) below, the awards that Calvin presents regularly, and are directly affiliated with, are listed in alphabetical order. (While you're reading this - please remember proper spelling, grammar and other generally expected writing conventions when applying.)
