## Principal's Message

Welcome to Calvin Christian School – Collegiate Campus! I'm pleased to present this handbook and agenda to you and trust that it will be a useful and much-used tool for your academic success. Grade 7 & 8 students are required to bring their agenda to all classes and take it home each day.

Our teachers and administrators have developed this handbook to help you and your parents learn as much as possible about school policies and procedures and the services we offer students.

## Communication

The importance of contact between home and school requires clear channels of communication. The primary channels of communication are:

- the student,
- PowerSchool ([calvin.powerschool.com](http://calvin.powerschool.com))
- online calendars ([calvinchristian.mb.ca](http://calvinchristian.mb.ca)) and
- The Circular Blog ([thecircular.calvinchristian.mb.ca](http://thecircular.calvinchristian.mb.ca))

Using these channels helps ensure consistency of information, minimizes unnecessary repetition, and saves time. Should you have any difficulty accessing PowerSchool, the school calendars, or the blog, please contact the school office.

## Telephone & Email

The school telephone number is 204.222.7910 and the general email address is [ccc@calvinchristian.mb.ca](mailto:ccc@calvinchristian.mb.ca). Should you find it necessary to call one of the teachers, please refrain from calling during class time. Please see the schedule for appropriate times to call before or after school and during breaks. When you call, please identify yourself. Teacher email addresses are available on PowerSchool. Please limit your messages to essential communication and remember to say in email messages only what you are prepared to say face-to-face.

## PowerSchool

Our Collegiate campus provides its students and their parents with access to a website where they can view student progress, report cards, schedules, homework assignments and announcements. Students and parents/guardians are responsible for regular use of this powerful communication tool to improve performance and to stay informed. ([calvin.powerschool.com](http://calvin.powerschool.com))

## The 'Circular' Blog

Our Blog is another social media tool used to inform students and parents of important information covering all aspects of school life. Parents can receive a blog update through their personal email address. Please contact the office if you need assistance with our blog sign-up.

## Student Use of Cell Phones and Electronic Communication Devices

CCS Collegiate campus recognizes that the use of smartphones and other electronic

communication devices is continuing to grow and expand. We recognize the value of such electronic communication devices to students, families and schools.

It is the intent of this policy to manage the use of these electronic communication devices in the school to prevent interference with teaching and learning opportunities. This policy applies to the school day, including school-sponsored events, extracurricular activities, and field trips.

Electronic communication devices may be used in the classroom **with the permission of the teacher/school** for the purposes of calendaring, calculating, note taking, research, or other activities as directed by the teacher/school.

Unauthorized use of these devices disrupts the instructional program and distracts from the learning environment. All devices must be turned off during Chapel and school programs.

The use of electronic communication devices to invade personal privacy or contribute to behaviour that is injurious to another will be addressed through the school's Code of Conduct. Under no circumstances are cell phones, or any device with a camera, to be taken, and used, in change rooms or washrooms. Students who use an electronic communication device to send or receive personal messages, data or information that would contribute to or constitute cheating, and/or bullying, will be subject to consequences as determined by the school.

School officials, including classroom teachers, may confiscate electronic communications devices from students if they are used for unauthorized purposes or at unauthorized times. Repeated unauthorized use may lead to further action as determined by the school.

Calvin Christian School will assume no responsibility in any circumstance for the loss, destruction, damage or theft of any

electronic communication device or for any communication bill associated with the unauthorized use of such devices. Students and families are responsible for locating such lost or stolen items.

### **Other Electronic Devices**

Audio and video players including portable game consoles are not permitted in the classroom except when used with the prior permission of the teacher/school for the purposes of calendaring, calculating, note taking, research, or other activities as directed by the teacher/school. The use of audio and video players is permitted in the hallways and common areas at breaks. If these devices have communication capability their use is also governed by the rules on Electronic Communication Devices. Students are cautioned against playing these devices too loudly for the sake of their own hearing health and to avoid disturbing others in quiet spaces.

### **Attendance**

In accordance with Provincial requirements, students and parents are reminded that punctual and regular attendance is required. Students should only be absent due to unforeseen or unavoidable circumstances such as illness, emergency, and so on. Our community would hold that the ideal goal of every lesson and interaction inside the halls and classrooms is to meet our vision and mission statements. For this reason we take attendance very seriously, as an absence or late report does not only hamper the individual's learning, but also affects the greater community. Students are expected to attend classes and to be fully contributing members of the class, not only to receive information for themselves. In case of an unplanned absence, the parents should notify Mrs. Klatt, our administrative assistant, first thing in the morning by

phone and **give the reason** for the absence. You may call 204.222.7910 or send an email message to [ccc@calvinchristian.mb.ca](mailto:ccc@calvinchristian.mb.ca).

Students are expected to be in the building by the first bell, 8:49 a.m., and are expected to be in class 2 minutes later. At 9:15 a.m. PowerSchool sends a variety of messages (text, voice and email) to parents to inform them of absenteeism. To avoid receiving unnecessary messages, please be sure to contact the office if you know your child will be absent. At 3:45 p.m. another message will be sent indicating whether any classes, morning or afternoon, have been missed during the day. You can check PowerSchool for details about absenteeism. It should be noted that the Public School Act, to which independent schools are also subject, establishes the requirement for full attendance up to the age of 18.

### **Excused and Unexcused Absences, and Lates/Tardiness**

The school, at the discretion of the administration, determines whether an absence is excused or unexcused. For example, a parent reporting a sick child will result in an excused absence (ea) being recorded since illness is considered a legitimate absence under the Provincial School Act. A completely unexplained absence will result in an unexcused absence (ua) being recorded. A parent reporting that a child is away on a fishing trip will result in an unexcused absence (ua). **Please note that if a parent communicates that a student will be absent but does not provide a reason, that student will be marked ua.** Take note that a student's absence is not an excuse for being unprepared for class. Regardless of

the reason for missing class, it is still the student's responsibility to get assignments in on time. We realize that there may be exceptions, such as a prolonged illness. However, if an assignment was due on the day the student was absent he/she will be expected to hand it in when he/she returns to school. Similarly, if a test was scheduled during the student's excused absence, arrangements must be made with the teacher, on the day the student returns, to set a date for the test.

### **Absences, Lates/Tardiness**

All Collegiate campus students who arrive late must report to the school office, pick up a late slip and present it to the teacher. Chronic tardiness is disruptive to classes, interferes with teaching and learning, and is often seen as disrespectful.

### **Voluntary Absence from School**

Extended absence from school (a mid-winter or spring vacation, for example) is viewed as detrimental to student achievement and is discouraged. Teachers are not required to prepare work in advance. Work, however, must be made up. The responsibility for the decision to take a student out of school and the resulting consequences must rest with the parents. The student will be given one week to complete all missed work, tests, and assignments upon return to school. The responsibility to make up missed work rests with the student. Missed assignments, tests and quizzes not made up will result in loss of assessment opportunities for that reporting period.

## **Dealing with School Problems**

Students or parents and teachers occasionally find themselves in a conflict situation. Sometimes problems relate to evaluation, disciplinary action, school policy or interpersonal tension. When such circumstances arise, parents and students ought to take the following steps, in the spirit of Matthew 18:15,16:

1. Discuss the matter with the teacher before much time passes and before discussing it with anyone else. Often a frank discussion will clear up misunderstandings and lead to a solution.
2. If the problem is not resolved, contact the principal or assistant principal so they can facilitate a satisfactory resolution to the problem.

Let's start with the assumption that all parties are innocent of deliberate wrongdoing and that there must be some misunderstanding or miscommunication that has given rise to the difficulty. Confidential matters should be discussed in the privacy of the classroom or office without children being present. The board and principal are not obliged to consider concerns and/or complaints about teachers unless they have first been discussed with the teacher concerned. Let's work together to ensure all our actions are guided by Biblical principles.

## **Public Display of Romantic Affection (PDRA)**

Students' display of affection for each other will be limited to holding hands. Students should refrain from kisses, passionate hugs and similar behaviour. "Making out" at school is inappropriate. Students should exercise self-discipline and respect that others are uncomfortable with overt displays of affection.

## **Adverse Weather Conditions**

In the event that weather conditions in the winter are such that classes may have to be cancelled, tune in to radio station CJOB - 680 or CBC - 990 on the AM dial for

information and announcements. In the event that buses are not running, the school will be open and parents are encouraged to bring their children to school - weather permitting. Only if and when the weather conditions are such that the River East Transcona School Division schools are closed will Calvin Christian also close its doors for the day. Our 'Country Run' buses do not run if the Sunrise School Division (east of Winnipeg) buses are not running. Shuttle service between our Elementary and Collegiate Campus will not run when RETSD buses are not running.

## **Clothing, etc.**

Because we are engaged in preparing students for Christian citizenship and preparing them for the workplace, we require modest and appropriate dress for the educational environment.

Students are encouraged to use good taste and *modesty* in their mode of dress. Styles of dress become unacceptable when they go to extremes that threaten propriety. High heels and short skirts are not practical for typical school days which require a variety of activities such as sitting in groups on the floor, climbing stairs and carrying backpacks and books. Overly casual garments such as pajama pants are not allowed.

We do not allow clothing that exposes the midriff, buttocks, breasts or any part thereof. Beach type clothing, such as halter tops, tube tops and muscle shirts, is not suitable classroom apparel. Tank tops are acceptable with thick straps (no spaghetti straps). T-shirts with questionable slogans are not permitted. Skirts and shorts should be mid-thigh to knee length. Hats & toques may be worn as long as it is worn in a respectful manner and does not become a distraction. Hats with questionable logos are not permitted. Wearing bandanas, clothing or colours, in a manner that can be construed with the association of a gang, or gang activity, is not permitted.

We ask parents to partner with us and understand that at times students may be asked to change their clothing if the administration has determined the clothing choice is unacceptable dress for school. Students wearing inappropriate clothing will be asked to change their clothing immediately or will be sent home.

### **Valuables**

Do not leave money or valuables in school. The school is not responsible for lost (stolen) items such as watches, money and other personal items if left in change rooms, the gym, desk or lockers. Students should be in the habit of locking their lockers.

### **Skateboarding on School Property**

Students should wear helmets and the use of other protective equipment is encouraged when skateboarding on school property. Skateboarding on private property near the school is prohibited.

### **Snowball Throwing**

Throwing of snowballs is not permitted on the school grounds or on the way from or to the school buses. This regulation is preventative in nature since we do not want any of our students injured by a hard-packed snowball.

### **Chewing Gum and Sunflower Seeds**

Chewing of gum is strongly discouraged in or around the school. This regulation exists for two obvious reasons:

1. Chewing gum usually finds a “final resting place” under a desk or table, which is highly unsanitary.
2. Some students will dispose of it on the floor - whether it is carpeted or tiled - and it is very difficult to remove from flooring and footwear when someone inadvertently steps on it.

Similarly, sunflower seeds present sanitary and cleaning issues and are also not allowed in the building.

### **Weapons**

Weapons, instruments that could be used as weapons, and items that look like weapons may not be brought to school or be on the school grounds or buses. A weapon is any object intended to instill fear or cause harm to another student. Look-alike weapons are treated with the same seriousness as a real weapon and are not to be brought to school or to a school activity. Having knowledge of a weapon at school and not reporting this information to school staff members is also a serious matter and subject to disciplinary consequences. Exceptions may be made for toy weapons for drama classes and productions, however, the toys must be transported to and from school by a parent and only after teacher permission is secured.

In light of the terrible school tragedies that have happened in recent years, we must have a very low tolerance for the possession of weapons or items that look like weapons. Students are subject to suspension or expulsion for violating these rules.

### **Guidance**

Students are encouraged to visit with the counsellors for personal guidance and for information on course selection and career preparation. Dr. Keijzer is available to discuss any home, school, or social concerns. Mrs. Jeninga is our academic and career counsellor. Mrs. Hamm is also available for spiritual concerns.

### **Collegiate Library**

Mrs. Doornbos, Library Technician, and Mrs. Hazeu, Library Clerk, staff the CCS Collegiate Campus library.

### **Library Policy For Collegiate**

#### **Campus Students**

1. Library materials may be borrowed for a two-week period. It is the student's responsibility to ensure that library materials are returned promptly.
2. All library materials may be renewed provided that there are no prior reserves

on that item. The item must first be returned in person by the borrower, and then renewed.

3. An overdue list is posted on the student bulletin board and the library window. It is the student's responsibility to check the posted overdue list regularly.
4. Students should report all incidences of lost or misplaced books immediately.
5. When library materials have not been returned a letter will be sent home, stating that the material is assumed lost. This letter will include the replacement cost for the library material.
6. All replacement costs must be paid before the final report card is handed out. Please remember the value of books, the importance of returning them promptly and keeping them in good condition for other users. Please remember the value of books, the importance of returning them promptly and keeping them in good condition for other users.

### **Replacement Costs**

If, at the end of the school year, any library materials are lost or damaged, the following replacement costs apply:

Hardcover books	\$25.00
Paperbacks	\$8.00
Paperbound books	\$12.00
Magazines	\$2.00
Damaged Book	\$3.00

All library material replacement costs must be paid before the final report card is handed out.

A processing fee will be applied to any materials paid for and subsequently found. The student will be reimbursed the amount paid minus a \$3.00 processing fee.

### **Consequences**

Consequences of various types are assigned when a student fails to carry out his/her responsibilities. We strive to deliver natural consequences and repair the situation. At the teacher's discretion for reasons such as incomplete homework, being unprepared

for class repeatedly and for inappropriate behaviour that is not improving, the student may be required to serve a lunch break study hall to complete homework.

### **Suspensions**

The administration may determine that unacceptable behaviour warrants a suspension. Suspensions may be in-school or at-home depending on the circumstances and severity of the infractions.

### **Balance Between Academics and Extracurricular Activities**

We are seeing a pattern developing where some students feel they are exempt from certain academic expectations (i.e. daily homework, catching up on work missed) when the student is absent from class due to extra-curricular involvement. Since we strive for excellence in all areas, we require the following:

1. Students must meet outcomes in each subject at school in order to participate in a school-related extracurricular activity.
2. Teachers will notify the student when progress is poor or slipping.
3. Students may be removed from extracurricular activities until sufficient progress and achievement is made.

### **Organization and Homework**

Students are expected to keep their notebooks and binders clean and well organized. Each Gr. 7 & 8 student is given a *School Agenda* in which they should record daily assignments. This Agenda should be kept up-to-date; it is the property of the school.

### **Final Assessment/Exams**

Students must complete their assessment/exams on the designated date and during the designated time periods. Any exceptions will have to have prior approval. Such requests will have to be received in the first week of January, after the Christmas Break, for the first semester courses, and in the first week of June, for second semester courses. A \$75.00 fee per

exam will be charged to compensate the teachers for the preparation, marking and inconvenience.

### **Subject Failure and Summer School Policy**

If a Grade 7 & 8 student fails two or more core subjects (mathematics, language arts, science, social studies) the student shall repeat the grade unless special recommendation for placement in the next grade is made by the teaching staff.

If a Grade 9-12 student fails one core subject (mathematics, language arts, science, social studies) the student will be given placement in the next grade after successful completion of the course in an approved summer school or by correspondence with the course expenses to be paid by the students and/or the parents.

### **Textbooks**

Students are responsible for the textbooks issued to them during the school year. If a student loses or abuses a textbook, it will be his/her responsibility to pay for a new one. The condition of textbooks will be recorded and the student will be responsible for a cost factor if the book is not returned in reasonably good condition.

### **Lockers**

CCS Collegiate students are assigned a locker. A \$10.00 locker fee is assessed to cover the cost of locks that require regular replacement and to rent the locker space for one year. The responsibility for items of personal property lies with the individual students. The school assumes no responsibility for loss or damage. Students must keep their belongings locked up **at all times** and must not reveal their lock combination to any other students. The school administration has the legal right to enter a student's locker should a search be deemed necessary.

### **Physical Education Dress**

#### **Requirements**

When participating in physical education activities, students must wear appropriate gym attire such as sneakers, t-shirts with sleeves, loose fitting shorts mid-thigh length or longer or loose fitting sweat/track pants. Sport appropriate black shorts are the responsibility of each athlete (no jean shorts, beach shorts or bike shorts). Please ensure that there are no buttons, zippers or pockets. Spanx shorts are no longer deemed acceptable as an appropriate short for either Physical Education classes or as part of a uniform for our interscholastic sports program. Athletes are asked to comply by wearing an appropriate black sport short. Volleyball shorts should have an inseam of 3" or longer.

### **Student Safety – Asthma Inhalers and Epi-Pens**

It should be noted and recognized that Calvin Christian School Collegiate campus cannot guarantee an allergen-free or risk-free environment. Students with asthma should be able to self-monitor and administer their own reliever medication in case of asthma symptoms. In regards to life threatening allergies, it is recommended that students have their adrenaline auto-injector with them at all times. The school staff members have been trained in the administration of an epi-pen should an anaphylactic emergency arise.

*\*If you, as a parent, have a concern in regards to our photo-media permission agreement due to privacy or safety reasons, please contact the school so we are aware of the concern.*

## **5. Open Campus Permission**

CCS Collegiate campus is an ‘Open Campus’ school. This means all grade 7 to 12 students are free to leave the school property during the school day when not in a scheduled class. Typically, some students leave the school premises during the lunch break or for our high school students, some leave when they have a spare. For example, some of our students will eat lunch or play in Kern Park or at the Billy McCann community park, which is across the street from the school. Some students will quickly pick up a lunch option or snack at a local restaurant or convenience store. Open campus also means our high school students who have driven to school may leave the school premises in their vehicles. Students are expected to behave in a respectable manner and abide by all traffic/pedestrian laws when off school property. Students cannot ‘hangout’ on private property in the neighborhood. As a reminder to our parents, our grade 7 and 8 students do not have spares during the school day.
